The Wedding Ensemble... *Spirit In Art...*

Our specialty-wedding package will absolutely please any Bride and Groom throughout their lives together, capturing the magic of the entire wedding day...from the bride preparing for the ceremony all the way to the birdseed being thrown, or the poppers popped... as the newlyweds depart on their new life together. This is your day! We go out of our way to provide a timeless sixteen to twenty page leather bound album in the color of your choice. The custom album includes four (4) 8 X 10's including retouching as needed and filled with 4 X 5 art portraits. Our goal is a storybook of your day... from formal images to the candid once in a lifetime photos that will make you smile for years to come. We enhance your album with both traditional and photojournalistic style portraits... color and black & white portraits, creating an album that will become one of your life's pride and joy!

The wedding portraits are provided through SLR digital photography with digital enhancements. Our time to you...is as long as you need us the entire day of your wedding. No additional hourly fees!

The cost for this unique wedding package is \$1695. We require a \$850 retainer with the balance payable 14 days before the wedding. Included in this outstanding package is an engagement session with an 8x10 photo for framing that your guests can sign at the reception of your wedding. What a wonderful way to remember those that witnessed the commitment of the love between man and wife.

Please give us a call; let us show you what we can do for you! If you decide to use our services, there will be a short interview so together with you we can determine the best way to capture your special day...your amazing moments...your heartfelt memories!
